

The background is black with white line art illustrations of various business and creative tools. In the top left, there's a calculator, a pencil, and a clipboard with a pie chart. In the top right, a hand points at a tablet displaying a line graph, and another hand holds a pen. In the bottom left, a hand holds a pen, and a calculator is visible. In the bottom center, a hand is raised, and a calculator is shown. In the bottom right, a hand holds a pen, and there's an envelope and a coffee cup. The title 'Who We Are' is centered in a white, hand-drawn font with a horizontal line underneath.

Who We Are

Three Fourth Solutions is an integrated marketing agency aiming to consistently deliver creative concepts and solutions to solve business challenges. As a team of 50+ highly creative individuals, we offer various different types of solutions ranging from Brand Planning & Consultancy, digital media campaign planning and executions, to experiential marketing concepts, creating a fully Integrated experience for your consumers using the most relevant of media.

Solutions we Offer

1. Exclusives & Mainlines:

Reach out to your audience through Kolkata's most well read tabloids. Offering scope to increase visibility in the local market, getting individuals to talk about your organisation and spread the word

2. Regional Media:

Helping you capture the attention of newspeople in regional markets to further your outreach and get people talking!

3. Blogger/Influencer Engagement:

Work closely with bloggers to create genuine, authentic content in order to engage with your audience and get them talking about your product, service or organization

4. Campaign Ideation and Execution

Are you looking for someone to help you establish your brand in the market?

Are you able to communicate your message across to the media and the public?
